

Republic Day Celebration - 2014

In order to spread the feeling of patriotism and love towards the country, Republic Day celebration was held on 24th January. The aim was to inculcate a feeling of pride and make every student responsible towards their duties. As per the traditions, the celebrations began with the hoisting of National Flag by our Chief Patron.

The hoisting of flag spread a wave of silence which was supported with the humming of National Anthem in the backdrop. Every student was excited and filled with pride which could be easily seen in their eyes.

The event began with the addressing to students by our Chief Patron. He guided students by discussing important events from the history. He also added that the scientists like Aryabatta, Baskara etc. had contributed so much to the growth of India. Even today, the world speaks about their discoveries. This helped students to realize the potential of their country and the reasons to become responsible citizens. The event became special when students started to showcase their skills with play performances, patriotic songs and various other performances.
