

ABOUT FDP

In the era of technological advancement, use of empirical & technical analysis has gained momentum. Data sets have become huge and are changing significantly, thus we require robust statistical tools & techniques to understand the various business models & decisions. Keeping in view the necessity of data analysis, the objective of this FDP is to train & develop faculty members, researchers & students, in the advanced data analysis. The seven days FDP will be focusing on SEM & Panel Data techniques.

SIGNIFICANCE

- In this FDP participant will examine practical problems using SPSS AMOS.
- It will impart advanced knowledge in the context of panel data.
- The FDP will be encompassing theory & practical application of both SEM & Panel data.

ABOUT MAIMS

Maharaja Agrasen Institute of Management Studies is an ambitious initiative of Maharaja Agrasen Technical Education Society. The society has been promoted by a group of eminent industrialists, businessmen, professionals, and philanthropists to promote quality education in the area of technology and management. The society is involved in various activities relating to basic and professional education, health care and has established several educational institutions including Maharaja Agrasen Institute of Technology Rohini, Delhi, medical college agroha (Haryana) and several schools.

MAIMS is known to impart high-quality professional education and to develop itself into a premier center of excellence by developing young and enterprising students into successful managers, professionals and business leaders. MAIMS emphasizes on developing among students a value-based holistic personality.

MAIMS is affiliated to Guru Gobind Singh Indraprastha University, Delhi. It offers BBA, BJMC, B.Com(H), BA(H)Economics, and BA LLB (Integrated) 5-year program.

MAIMS AT GLANCE

MAIMS has established itself as an institution of eminence among the management institutes of the country. Over the years it has become the first choice of students aspiring to get management education from GGSIPU. Our students have proven their salt with its taste not only by securing high positions in the university but they have achieved a distinct position by presenting their papers in internationally acclaimed universities; mention can be made of Harvard University. These students are an outcome of the hard work put in by a highly dedicated, qualified, and research-oriented faculty members.
